# Ring Swing

# MANUAL

## STEP | 1

Replace a Swing Rail on your swing set with the included Ring Rail.

Ensure that the prongs are closer to the centre than the end of the swing set.

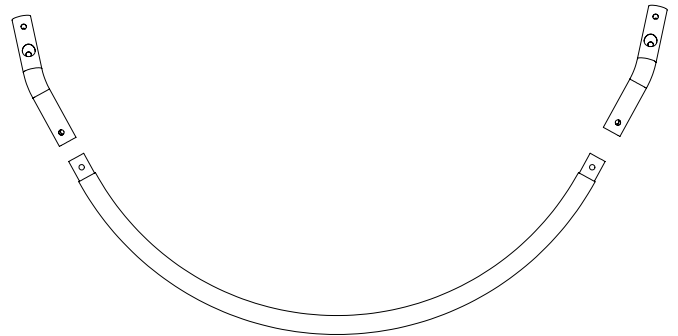

## STEP | 2

A. Insert Side Joiners (both left and right) into the corresponding ends of a Lower Tube.

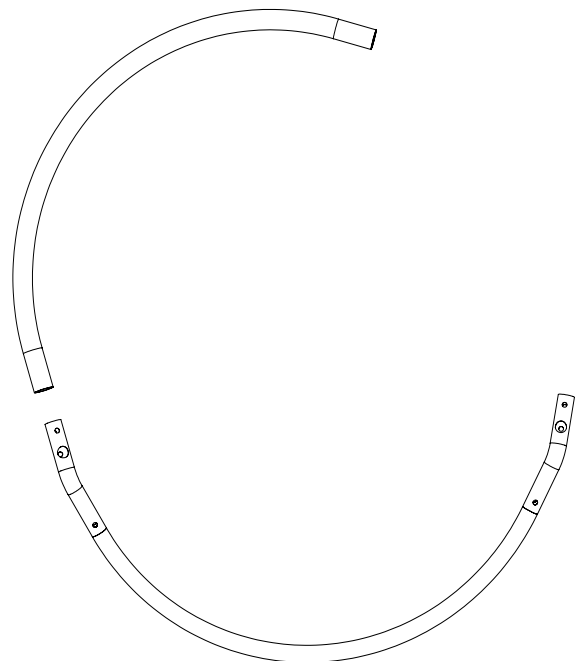

Ensure that the large hole on the Side Joiners is at the top.

B. Repeat for the other Lower Tube.

## STEP | 3

Slide Foams over both Lower Tubes.

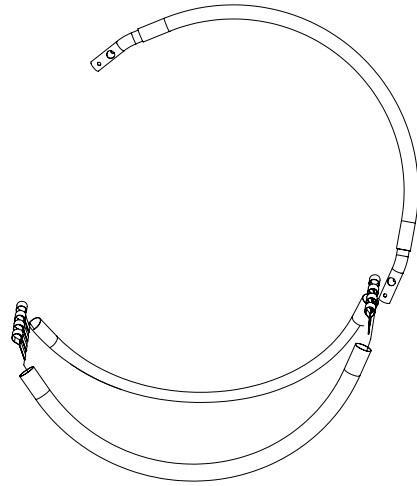

# Ring Swing

# MANUAL

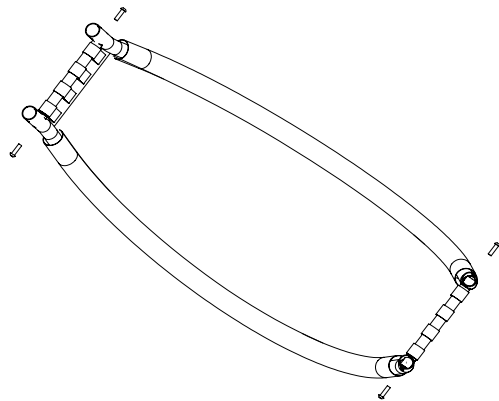

## STEP | 4

Insert a completed Lower Tube into the sleeves on both sides of the Base Mat.

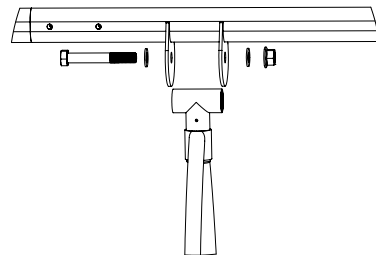

## STEP | 5

Insert Side Tubes through the loops between the Left and Right Side Joiners on both sides.

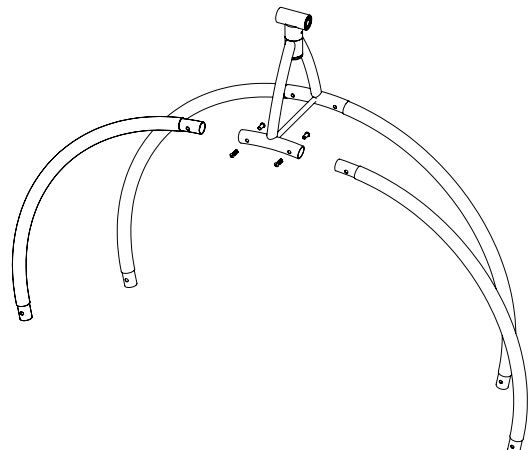

## STEP | 6

Attach the Hanging Joiner to the Ring Rail on your swing set, and secure with the large nut and bolt.

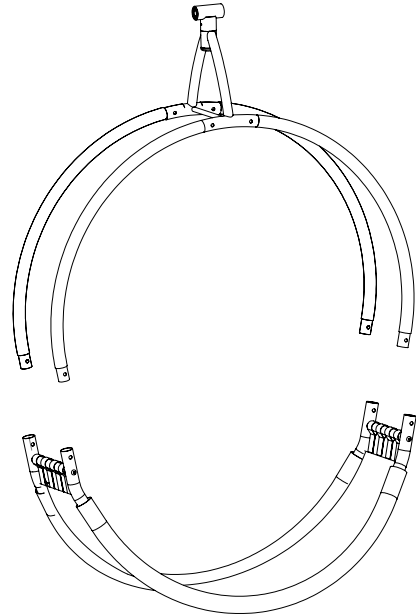

## STEP | 7

Insert the Upper Tubes into all four ends of the Hanging Joiner.

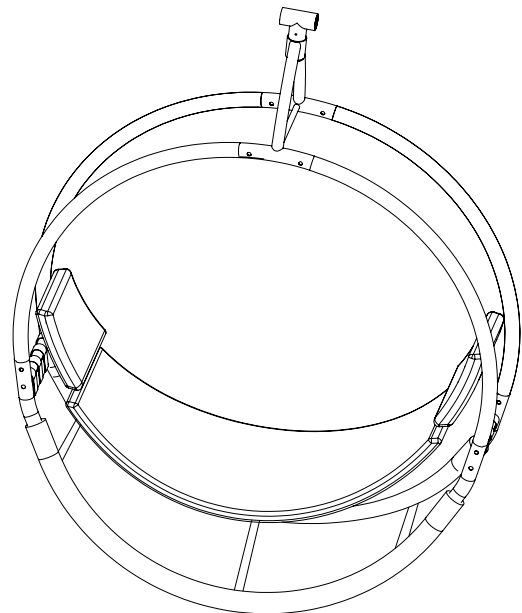

## STEP | 8

Insert the Side Joiners on the completed lower half of the Ring Swing into the Upper Tubes.

## STEP | 9

Place the Padding in the centre of the Base Mat and the Pillows at the ends. Secure with Velcro.
